

Peiping Frees 11 American Fliers Held As Spies

GENEVA, Aug. 1 (P)—Communist China today has released 11 American airmen held more than two years as spies. The fliers left Peiping yesterday on their way home and will arrive in Hong Kong Thursday, the Chinese said.

The announcement opened private talks between the United States and Red China on ways to ease tensions in the Far East.

Johnson Gratified
The news first was broadcast by Peiping radio and then announced here formally by Wang Ping-nan, Red Chinese ambassador to Poland. The American representative in the talks, U. Alexis Johnson, ambassador to Czechoslovakia, expressed gratification at the news. Johnson and Wang also reached

quick agreement on an agenda for their talks. The two items, proposed by Wang, cover the return of civilians of China and the United States to their respective countries and "other practical matters at issue." The first item involves some 40 Americans still held in Red China and an indefinite number of Chinese students the Communists say are prevented by the United States from returning to the China mainland. The United States says the Chinese students are free to go.

The release of the airmen and Wang's opening speech made it appear that the Red Chinese were eager to reach a wide open discussion of the Formosa problem and other Southeast Asian issues which Washington had not ex-

pected to tackle here.
Seek Exchange of Views
Wang said both sides should have a "free exchange of views" on questions directly involving "both China and the United States."

The United States has insisted that it would not discuss the fate of Generalissimo Chiang Kai-shek's Nationalist government on Formosa behind his back, and Chiang is not represented here.

The happy ending to the bitter dispute involving the 11 airmen made it appear, however, that the Red Chinese were eager to get past that question and reach such matters as Formosa.

The Red Chinese announcement on the release of the airmen made no mention of the two men given

the stiffest sentences by the Red court. Both are Army civilian employees. One was given a life term, the other 20 years. The 11 airmen had been sentenced to terms of 4 to 10 years on spy charges, after being shot down on what the United States called a routine leaflet mission over North Korea Jan. 12, 1953.

Fliers Named

The 11 fliers:
Col. John Knox Arnold Jr., Silver Spring, Md., commander of the B29, who got a 10-year sentence.
Maj. William H. Baumer, Lewisburg, Pa.
Capt. Eugene John Vaadi, Clayton, N. Y.
Capt. Elmer F. Llewellyn, Missoula, Mont.

Lt. Wallace L. Brown, Banks, Ala.

Lt. John W. Buck, Armathwaite, Tenn.

Sgt. Howard W. Brown, St. Paul, Minn.

Steven E. Kiba, A. 1. C., Akron, Ohio.

Harry M. Benjamin Jr., A. 2. C., Worthington, Minn.

John W. Thompson III, A. 2. C., Orange, Va.

Daniel C. Schmidt, A. 2. C., Redding, Calif.

Civilians Not Mentioned
The two civilians mentioned by the Chinese announcement were John T. Downey, 24, of New Britain, Conn., sentenced to life imprisonment, and Richard G. Fee-

teau, 27, of Lynn, Mass., sentenced to 20 years. Both were civilian employees of the Army aboard a plane shot down Nov. 29, 1952.

The Chinese claimed Col. Arnold testified his wing was attached to the American intelligence service. Official in Washington said in advance of this Geneva meeting that the attitude of Red China on the detained American fliers would determine the scope of the talks.

Ambassador Wang and Ambassador Johnson met for 45 minutes in their first meeting of the conference, whose primary purpose was to discuss the release of Americans in China. The two met again tomorrow.

Commenting on the release of the fliers, Ambassador Wang said: "I hope that this measure taken

by the Chinese government will have favorable effects on our present talks."

President Elated
WASHINGTON, Aug. 1 (P)—President Eisenhower expressed the country's relief and joy today that 11 American airmen held in Red China since 1953 "are at last to be released."

The men, who were sentenced to prison by Communist judges as spies, are to be turned loose Thursday in the British colony of Hong Kong, the Chinese announced.

While Eisenhower singled out Dag Hammarskjold, secretary general of the United Nations, as particularly deserving of credit, Secretary of State Dulles put in a word for the President himself.

"The patient course which the President has advocated and which the country has adopted, has brought about the desired result," Dulles said in a statement.

Knowland Statement
Sen. Knowland (R-Calif.), the Senate GOP leader who has been demanding stringent measures to win the men's freedom — including a blockade of the China Coast if necessary — issued a statement saying:

"The American people will welcome home the 11 American airmen not as pardoned criminals, as stated by the Peiping radio, but as honored members of our Air Force who have been illegally held by the Chinese Communists in flagrant violation of the Korean armistice."

House Sends Tax Bill To Hostile State Senate

HARRISBURG, Aug. 1 (P)—The House finally sent Gov. Leader's classified income tax bill to the Senate tonight.

The Democratic House passed the measure last Tuesday but kept possession of it while administration and labor forces sought support for it over the weekend from Republican senators.

Democratic Lt. Gov. Roy E. Furman immediately referred the bill to the Senate Finance Committee.

A meeting of the Finance Committee was called for tomorrow to go over the bill.

May Vote Thursday
On basis of the committee reporting out the measure Tuesday, a vote on passage would be possible on Thursday, since a bill must be read in the Senate itself on three different days.

The 411 million dollar controversial levy would impose taxes on various types of income ranging from 1 percent on wages and salaries to 6 percent on some forms of unearned income.

The Senate line-up is 26 Republicans and 24 Democrats. The GOP has just enough votes to pass or defeat a bill. Democrats need at least two votes from the Republican side.

As the closely-divided Senate squared away for a bitter battle over the measure, Sen. John H. Dent, Democratic floor leader, displayed from the floor a stack of postcards, most of them bearing the same message, urging a vote against the governor's tax bill.

Sent To Bane, Haluska
Dent said the cards, although postmarked from numerous towns in his own district were sent to other Democratic senators, including Eustace H. Bane (D-Fayette) and John J. Haluska (D-Cambria).

"It is inconceivable to me that my constituents should consider Bane or Haluska as their senator," Dent declared adding:

"If ever a fake campaign was instituted in this Commonwealth against a tax, it has now been instituted."

Sen. Rowland B. Mahany, Republican floor leader, said in reply he, too, had received communications opposing the tax program from districts other than his own and that possibly some people were "confused" in sending them. Mahany, at the same time, renewed his own opposition to the bill declaring it is not based on the ability to pay but on the source of income.

"If it were such a good bill they (Democrats) would not have had such a hard time getting it through the House," he said.

Mahany asserted that a near breakdown in legislative procedure occurred in pushing the bill through the House 108-98 with Democrats providing all the votes for the bill.

Dent said Democrats are willing to assume the responsibility of a tax program and said that if Republicans oppose it they should come forth with an alternative.

Senate-House Conferees Agree On One-Year 45,000-Unit Housing Bill, Delay Adjournment

WASHINGTON, Aug. 1 (P)—Congress crashed part way through a series of adjournment roadblocks today but fell short of the goal of winding up its session tonight.

Progress through the key barriers—public housing and congressional expense funds—was limited. More squabbling lay ahead—hours of it.

Housing Compromise
So the House knocked off work tonight shortly after 6 p.m. and ordered another session tomorrow. The Senate adjourned at 11:30 p. m. until tomorrow.

On the housing bill, Senate-House conferees agreed on a one-year, 45,000 unit approach—but by no means unanimously. Some Republicans said that was too generous. Some Democrats called it inadequate. In the House, at least, the bill faced a floor fight from the GOP.

Talbott Resigns As Air Secretary

WASHINGTON, Aug. 1 (P)—Secretary of the Air Force Talbott, whose outside business activities raised a question of ethics, turned in his resignation today.

President Eisenhower accepted it, with the comment that "Your decision was the right one", and made Aug. 13 the effective date for Talbott's departure.

Talbott, 63, secretary of the Air Force since Feb. 4, 1953 and an administrator of almost explosive vigor, wrote the President:

"I would not in any circumstances wish to be a source of embarrassment to you or to your splendid administration."

Duties Loyal Performed
Eisenhower in his letter accepting the resignation observed that "There has been no intimation that your official duties have not been effectively and loyally performed."

Last Wednesday at his news conference, Eisenhower said he would resign personally on what to do about Talbott. He said the question was whether Talbott, a friend of some years' standing, had violated "a proper standard of ethics."

Earlier today, the White House reported that Eisenhower had read most of the transcript of the hearings of the Senate Investigations subcommittee which studied Talbott's partnership in a management engineering firm whose clients included some defense contractors.

Conscience Clear
The air secretary said "the recent unfortunate and, I believe, distorted publicity given to my continued association with a management-engineering firm has been a matter of deep concern to me."

I am clear in my mind and conscience that my actions have been within the bounds of ethics."

Talbott received \$132,032 in profits from the New York firm of Paul B. Mulligan and Co., in which he is a partner, in the two years following his becoming secretary.

While denying any impropriety, Talbott has said he realizes now he was mistaken in writing letters and making telephone calls from his Pentagon office in behalf of the firm.

He denied to the Senate Investigations subcommittee he ever used his post improperly to promote the company's business.

Oil Costs Higher, Whistle Weaker
JACKSONVILLE, Fla., Aug. 1 (P)—The city whistle that sounds each day at 7 a.m., noon, 1 p.m. and 5 is going to be a little weaker.

Reason is that oil costs have gone up. Oil is used for fuel to make the steam that blows the whistle and the city is going to cut down on the steam.

It takes about \$12,000 a year just to blow the whistle.

And there still was bad blood between Senate and House over a deadlocked bill to finance congressional operations.

The House did blaze one possible trail around the barricade. Rather than boost various benefits for the Senate alone, it adopted and hustled to the senators by unanimous voice vote a resolution to finance Congress this year on the same basis as last year.

Difference of Opinion
House members could have got similar benefits for themselves and their employees merely by putting them in the original bill. They didn't.

Under the rules, senators contended they couldn't be inserted at this juncture. Irate House members said the Senate was raising technicalities which have been ignored on occasion in the past.

On other issues, Congress did make some progress through the pile of legislation still on the schedule.

Rival Senate and House measures to provide some degree of free polio shots for children went to a Senate-House Conference Committee for drafting of a compromise.

31-Year Men Restricted
Another set of conferees okayed a bill to extend the defense production law. It forbids dollar-a-year men borrowed from industry and business to hold policy-making jobs in the defense mobilization program.

The House disposed of one major item on the last minute schedule by passing and sending to President Eisenhower a bill to boost by two billion dollars the government's authority to lend money to support farm prices.

July Hottest On Record In Pennsylvania

By The Associated Press

After the hottest July in the annals of the U. S. Weather Bureau, Pennsylvania today appeared headed for another siege of scorching days.

Temperatures on the opening day of August were in the 90s and 100s. The dismal prospect was for more of the same today and tomorrow.

Humidity High
As on nearly a score of hot, dry July days, the increasingly oppressive humidity climbed with the mercury Monday.

Henry Adams, Philadelphia's official forecaster, reported the city records, which go back to 1872, showed July to be the hottest and the second driest on record. The average for the month was 81.4 degrees—5.1 above normal—and there was a total of only 1.04 inches of precipitation. Normal rainfall for July is 4.20 inches.

In Harrisburg, the state Forests and Waters Department has described many areas of the Commonwealth as "critically in need of rain."

Poconos Singled
The Poconos and the southeastern part of the state were singled out by Department Secretary Maurice K. Goddard as requiring "at least two or three days of constant, gentle rain" to relieve drought conditions.

And the state Health Department's Sanitary Engineering Bureau reported a water shortage in 10 communities all of which have placed restriction on lawn sprinkling and car washing. The department has issued emergency permits allowing four of the communities to use auxiliary water supplies until the drought conditions let up. They were West Leebort in Berks County; Emporium in Cameron County; Coatesville in Chester County, and Mansfield in Tioga County.

Water shortages also were reported in Wapwallopen, Shickleshire and Dallas in Luzerne County; Catawissa, Columbia County; Jersey Shore, Lycoming County, and Glen Campbell in Indiana County.

Farm Crops Periled
Goddard warned that unless there is at least two or three inches of rain soon, "some sections of the state are going to be parched beyond reclaiming any of their farm crops."

The Agriculture Department said corn, potatoes, tomatoes and tobacco have been hardest hit by the drought.

Thermometer Confirms What Everyone Knew—It Was Hot

STROUDSBURG sweltered and sizzled in 103-degree heat yesterday. It was the hottest day of the year.

Although August got off to a white-hot start, the top temperature reading of the year was only one degree higher than the previous high—102 degrees registered on July 22.

Dior Calls For Return Of Bosoms

PARIS, Aug. 1 (P)—Flat chests are finished. Bosoms are back.

That is the big fashion news in Paris today after Dior's new Y-line show. Bosoms were also frankly full at Balmain's collection this afternoon.

Dior did away with low waists, long jackets, loose waists, little hats and boyish haircuts. In fact, dead letters.

The new Y tapers from a full but not padded bust to a high, small waist and narrow stemmed skirt. Jackets often have no basques at all, but are more like boleros. Hats gave the head a bulky look.

Low Belts
Balmain, continuing his "pretty lady" line, puts the curves where they belong. Though he fits the waistline, he adds low belts around the hips, and still shows sweater-length tops.

In both houses, shoulders are widened a bit by the cut of the set-in sleeve, but they are not padded.

In an interview given Paris-Press just before his opening, Dior said "I have had enough of tunics, vests, overcoats and skirts caught on at the hips. I have emphasized the bosom. My shoulders are full and rounded, the real shoulders of a happy woman. I am enchanted that a movement in favor of big hats is under way. They have height and volume and give balance to my new silhouette."

Bring Back Dignity
"They bring back dignity to the little faces coiffed in mad-dog style."

Belts were also back, both at Dior and Balmain. Dior's two favorite inspirations were camisoles (underpinnings) and caftans, or silk coats and jackets.

Raises Recommended
WASHINGTON, Aug. 1 (P)—Wage increases averaging 8 1/2 cents an hour for firemen and 13 1/2 cents for engineers were recommended by a presidential emergency board today for railroad yard service employees who elect to work a shortened 40-hour week.

July Rainfall Measured Less Than One Inch

STROUDSBURG — and most of Monroe County — has just come through one of the driest, hottest months of July on record.

Weather observer Pierre Lake said last night that rainfall during the past month measured only a scant .61 of one inch. The rainfall for July, 1954 was 1.31 inches.

Temperatures for the month ranged from the 80's to above 100. There were six days when the mercury stayed in the 80's, Lake said. On 22 of July's 31 days the mercury readings were in the 90's. And on the other three days, the thermometer zoomed to 100 or above.

Tropical Storm Moves Inland

NEW ORLEANS, Aug. 1 (P)—A tropical storm moved inland 30 miles northeast of New Orleans today and the Weather Bureau reported it was gradually weakening.

The storm, called Brenda, at 7 p.m. was about 50 miles northwest of here. It was moving northwestward about 15 miles per hour and highest winds were estimated at 25 to 35 miles per hour near the center.

of the day. During most of the day the percentage was about 45 percent, Greene said.

Westerly and northwesterly winds, blowing at the rate of eight to 12 miles per hour, helped keep the weather tolerable in that borough, however. The low reading for the day in Mount Pocono was 66 degrees, early in the morning.

Search For Young Man's Body Suspended Until This Morning

PROMISED LAND—Expert divers, State Police, forest rangers and volunteers gave up the search of Promised Land Lake at nightfall yesterday for the body of Robert Walsh, 20, of Olyphant.

Walsh disappeared early Sunday night. He was reported missing to police at the Milford sub-station of State Police at 8 p.m. by forest rangers on duty here.

Police said yesterday Walsh's clothing was found on the beach of the lake which ranges to a depth of about 18 feet in some places.

Early reports said Walsh was last seen sitting on some docks along the lake. His family told police he could not swim. Police were at first uncertain whether Walsh had fallen in the lake, or left the lakeside. Discovery of his clothing, however, set in motion an intensive search of the lake.

Cottagers and other volunteers joined with police and forestry department officials in dragging the area with grappling hooks.

Later, the Telford Rescue Unit, with expert divers from Telford, Pa. were summoned.

Searchers were hampered a great deal by old stumps and logs on the lake bottom.

Walsh had been living in a cabin at the lakeside with his widowed mother, Mrs. James Walsh, police said.

The search will be continued at daybreak today.

The Weather

Partly cloudy, continued hot and humid with widely scattered afternoon or evening thunderstorms today and Wednesday. High today 90-96. Not quite as hot Wednesday.

Two Thieves 'Jump' Guard At Fernwood

BUSHKILL — Burglars hogtied a guard and stole a 350-pound safe containing between \$3,000 and \$5,000 from the Club Fernwood near here early yesterday morning.

Stroudsburg State police are investigating the robbery. They said last night the theft occurred at about 3 a.m. yesterday.

"I've Got a Gun"
The guard at the club was Walter Meyer, 67, of 400 Main St., Stroudsburg. Meyer told The Daily Record yesterday that he was "jumped by two guys" when he opened the door to a game room at the resort and flashed a light into the room.

Before the flash dropped, Meyer said, he had time to see the figures of men inside the room. One man said: "I've got a gun, buddy. So shut up."

Meyer said the men hogtied him and put a gag in his mouth. With his wrists and ankles tied together behind his back, Meyer said the men carried him through the game room and dumped him on the floor of a men's toilet.

Meyer said he lay on his side in the toilet until he was discovered by another employee some time later.

The guard said it was part of his job to check the lobby and "turn out the lights" after guests were finished using the game room and other facilities. He said that at about 2:30 he asked some guests to stop playing shuffleboard then went on his usual rounds, checking the doors and "closing up."

When he returned to the lobby he turned out the lights, Meyer said. Then, as he was standing in the lobby "I heard a noise or thought I heard a noise." Meyer said he walked to the door of the game room, opened it and flashed his flashlight into the room.

Meyer was taken to Monroe County General Hospital yesterday morning. He had apparently not been beaten or badly injured.

State police said the safe was removed from the room where it was kept adjoining the office of the club. The safe contained from \$3,000 to \$5,000 in club receipts and cash.

Loss Estimated
It measured 30 inches high by 22 inches square and weighed about 350 pounds, police said. The estimate of loss from the theft was provided for police by the owners and operators Harry and Robert Ahnert.

Fingerprint experts were called in on the case yesterday by local State police.

Investigators reportedly found a broken window pane in the rear of the building but there was no other evidence that the building had been broken into.

Meyer said last night that he couldn't understand how the thieves "got in there." The guard said it had been only about 10 minutes between the time he made a check of the building and the time he was "jumped" by the men.

Postal Workers Fired In Probe

PHILADELPHIA, Aug. 1 (P)—The Post Office Department has fired 10 employees, suspended four others and demoted two as the result of a long probe into use of sick leave at the suburban Upper Darby post office, officials disclosed today.

Described as the biggest postal shakeup in recent years, the disciplinary measures were taken on charges the employees reported off from work, and claimed sick leave, when they were not actually ill.

Officials Given Driver's Test Site Proposals

RECOMMENDATIONS for changes in both procedure and location of the testing of individuals for motor vehicle operator's licenses have been submitted to Secretary of Highways Joseph J. Lawler and Secretary of Revenue Gerald A. Gleason.

Col. E. J. Henry, commissioner of State Police, has advised John M. Crandall of Pocono Manor, chairman of Pocono Mountains Automobile Club highways committee, both high state officials now have a series of proposals for removing the operator's test site from Stroudsburg streets.

Mr. Crandall met recently with Maj. William Ruch and Capt. John J. Pezzent to discuss the auto club's proposal to get the testing area off streets already jammed with heavy traffic.

R. LeRoy Dongler, auto club

president and Mr. Crandall, proposed that a driver's course be prepared outside the borough and in a tract which would not complicate the movement of traffic.

Striking Snakes Filmed In Color

NEW YORK, Aug. 1 (P)—After seven months of trying, a team of scientists has succeeded in getting a very high speed color motion picture of a rattlesnake striking.

The project took 600 feet of color film and 26 rattlesnakes. Their best rattlesnake, which struck at anything anytime, finally died and had to be replaced. "He just struck himself out," said Henry M. Lester, photographic consultant to the New York Zoological Society.

How Much Do People Spend For Newspapers?

The answer is astounding. It brings the most striking demonstration of the dependence of people on their daily and Sunday newspaper.

Other media come and go -- make an impression which cuts deeply into advertising appropriations for a time -- but newspapers continue to be the one medium, unaffected in its reader interest among the families in this great country of ours.

Here's What People Spend in the United States to Read Newspapers

In One Week \$25,079,000
In One Month \$108,677,000
In One Year \$1,304,124,000

No other medium plays so vital and intimate a part in people's lives. No other medium is so effective in registering the advertiser's message on peoples minds.

Jaycees To Stage 'Bloodmobile Caravan' Parade Tonight

150-Pint Goal Is Announced For Wednesday

MAKING the 150-pint quota set for Wednesday's Bloodmobile visit is "absolutely imperative," according to LeRoy Mikels, blood drive chairman for the Red Cross.

Mikels made this statement last night in pointing out that Monroe County General Hospital needs desperately to maintain its top priority rating as part of the area blood bank system.

The current visit of the mobile unit is being sponsored by Pocono Jaycees as part of its public service project. The Bloodmobile will stop at Stroudsburg Presbyterian Church from 10 a.m. to 4 p.m. Wednesday.

In discussing the need for blood donors, Mikels noted that the local hospital now has a "priority one" rating with the blood bank. This means, he said, that "if at all possible the blood bank center in Wilkes-Barre will provide all blood needed by the Monroe County General Hospital."

One of Three In Area

The local hospital is one of only three in the entire area to hold a top priority rating. The reason is that during past years, Monroe County residents have responded with full cooperation to the needs of the blood bank.

All quotas set during past years have been met or surpassed by local residents. Although some monthly quotas have not been met, the slight deficit has generally been made up in subsequent visits.

If the current 150-pint quota is not met on Wednesday it is likely that the blood bank in the area may be forced to curtail its supply of blood to the local hospital Mikels said. This would mean that Monroe County General Hospital's priority rating would drop to a number two spot—or if the deficit is really bad—to a number three.

The priority rating is a necessary part of the blood bank system, Mikels noted, since the entire bank is maintained through the active cooperation of the people in each community. Some areas, where quotas are not met with any degree of success, now stand at the bottom of the priority list and consequently receive less consideration in making allotments for blood distribution.

Greatest Need Now

Maintaining Monroe County's priority rating is especially important during the summer months, Mikels said, when blood is often needed in larger quantities than at any other time of the year.

Mikels urged all residents to support the August Bloodmobile visit tomorrow.

To drive spark public interest in the drive for blood donors, Jaycees are sponsoring a "Bloodmobile Caravan" tonight at 7:30 in both boroughs.

The parade will be headed by the Drum and Bugle Corps from George N. Kemp Post 346, American Legion, according to Herb Zubow, chairman of the Jaycees Bloodmobile committee.

James Sheeley, drum major, will head the corps in its appearance in tonight's parade. The parade begins at Stroudsburg playground, continues down Main St., across the interborough bridge through East Stroudsburg to the borough high school where the line of march will be disbanded.

All persons wishing to donate blood in the current drive are asked to contact a member of the Jaycees or go to the Stroudsburg Presbyterian Church basement Wednesday between 10 a.m. and 4 p.m., Zubow said.

J. G. Soukup Honored On Retirement

JOSEPH G. SOUKUP, Dreher Ave., Stroudsburg, was guest of honor Saturday night at a buffet picnic supper held at the Delaware Water Gap home of Mr. and Mrs. Fred Shotmaker.

The party marked the retirement of Mr. Soukup and his completion of 30 years service with the Atlantic and Pacific Tea Co. Mr. Soukup started his service with the company in the store which was located at 726 Main St., Stroudsburg, and was manager of that store for 24 years.

Mr. Shoemaker, manager of the East Stroudsburg A & P supermarket where Mr. Soukup was last employed, presented the honored guest with luggage on behalf of his fellow co-workers.

The party was attended by 70 past and present associates and their families from both the Stroudsburg and East Stroudsburg stores.

Mabel F. Marsh Funeral Planned

FUNERAL services for Mabel F. Marsh, 71, of Philadelphia, who died suddenly Saturday while visiting here, will be held at 2 p.m. Wednesday in Andrew J. Bair & Son funeral home, 3925 Chestnut St., Philadelphia. Interment will be made in Union Cemetery, Allentown. William Thomas, Stroudsburg funeral director, was in charge of local arrangements.

Battle Two Forest Fires

yesterday to battle forest fires in two sections of Monroe County.

One occurred near the Court-right property west of Route 115 about two miles north of the Pimple Hill fire tower. Forestry crews from Monroe, Lackawanna and Carbon Counties fought the stubborn blaze, which covered about three acres.

E. Clyde Pyle, district forester, said the outbreak was only a quarter mile from one of a series of fires that have been burning in the Long Pond section for about ten days. A spark from that blaze could have started the new fire, Pyle said, and it might have smoldered for several days before breaking out.

The second forest fire was reported near Camp Stadlerman, a boys' camp along White Oak Run Road a short distance from the Route 940 intersection. The Tobyhanna Township Fire Co., of Pocono Pines, answered the alarm and helped fight the blaze.

Ray Stofflet Dies After Long Illness

RAY H. STOFFLET, 59, of 114 Elk St., East Stroudsburg, died at 12:25 a.m. yesterday at his home after a lingering illness.

For many years he had owned and operated Hemlock Grove Manor, a resort hotel, at Sciota. He sold the property in 1929 because of ill health.

He was born in Sciota, a son of the late Harrison and Susan Stofflet.

Surviving are his wife, Helen; two daughters, Mrs. Edward Lyons and Mrs. Robert Baird, Stroudsburg; three sisters, Mrs. Alonzo Klein, Kenosha, Wis.; Mrs. Ferman Reed, Bethpage, L. I., N. Y.; Mrs. Helen Teeter, Stroudsburg; one brother, Miles Stofflet, Danville, N. J.; seven grandchildren, several nieces and nephews.

Funeral services will be held at 2 p.m. Wednesday at Dunkelberger and Westbrook funeral home. Rev. Adan A. Bohner will officiate and interment will be in Mt. Zion Cemetery. Friends may call at the funeral home tonight after 7.

Dengler, Eaton To Appear On Television Show Tonight

TWO LOCAL young men will appear on tonight's CBS-TV network show "Music, 55". The pair are John Dengler, of Delaware Water Gap, and Johnny Eaton, East Stroudsburg.

They will make their appearance midway in the show, which may be seen locally on channels 2 and 10 at 8:30 p.m. They will perform in their respective capacities as cornetist and pianist with the Tigertown Five, the Princeton University jazz band which has lately been accorded its measure of national recognition.

The program will also feature jazz singer Ella Fitzgerald and songwriter-pianist-vocalist Hoagy Carmichael, best remembered for his immortal "Star Dust". Carmichael will precede the group's appearance with the quizzical query "But how can they play Dixieland without a banjo?"

Numbers Announced

The five (which actually numbers six) will play the jazz evergreen "Muskrat Ramble" as a background for a dance in a legiate setting, and close their portion of the program with an abbreviated arrangement of the old show-stopper "That's A Plenty". Stan Kenton, who supervises "Music, 55" in production and acts as master of ceremonies, has always been interested in youth in the jazz field, as evidenced by a recent recording, "Young Blood". Essentially a modern, Kenton shows a rare leaning toward more traditional or classic style in his use of the Tigertown Five, which designates its music as "Dixieland Swing".

In addition to previous TV appearances, Dengler and Eaton have played with the group at Carnegie Hall, the Newport Jazz Festival, and some of the more notable musical spots in New York City and vicinity.

Eaton records with his own quartet for Columbia, expecting his first release Oct. 10. He has played locally with the Clement Wiedimyer orchestra. Dengler has recorded with Rex Stewart on the Jazztone label, and will make a Monroe County appearance Thursday at Deer Head Inn, Delaware Gap.

Three Financial Houses Submit Proposals To Act As Advisers In Authority Bond Sales

PROPOSALS FROM three financial houses to act as financial advisers in the sale of an estimated \$760,000 of bonds for the acquisition of Monroe County Water Supply Co. were studied and taken under advisement last night by Stroudsburg's Municipal Authority.

Agreements for sale of the water company to the authority have already been signed. Next step is to set up the machinery for sale of the financing bonds.

PUC Approval Necessary

The proposed sale, of course, must be approved by the Pennsylvania Public Utility Commission. An effort will be made to present the data for P. U. C. approval and a certificate of public convenience early in September.

That would entail at least one and perhaps more than one hearing which would be held here in Stroudsburg.

Proposals of the would-be financial advisers were sought on the basis of competitive bidding for the bonds, however, the authority delved into the matter of negotiating sale of the bonds to accumulate information on that method of disposing of the bonds.

Bids Same Basically

In effect, the proposals of the three financial houses appearing before the authority last night were basically the same insofar as normal financial adviser requirements are concerned, but in many other respects they differed to such a wide degree that authority members decided to make an analysis.

Such basic acts as preparation of a prospectus, amortization and rate schedule and other normal activities were included in all the proposals.

George Pfau, representing Bache & Co., bid \$945 for the job of normal financial adviser activities. Printing, advertising and legal

costs would be paid by the authority. Appearances before PUC by Bache & Co. would cost an additional \$100 per day.

Two Other Bids

Harold Doud, Scranton representative of Kader, Peabody, who were involved for a time in negotiations for the water company and did some work preparing a prospectus and schedule for sewer authority bonds, bid \$100 for all services except printing, advertising, legal expenses. While the proposal did not say so, Mr. Doud expressed belief appearances before PUC would be included.

Freeman G. Grant of Thackara, Grant & Co. bid \$2,500 for the entire package include all printing costs and as many appearances as would be required before PUC.

U. S. railroads carried 17½ million fewer passengers in 1954 than in 1953.

Three Couples Apply To Wed

THREE COUPLES made application for license to marry at the office of the prothonotary, James Gould, in Stroudsburg Saturday and yesterday.

Those applying were: Ronald Emerson Philipp, of Phillipsburg, N. J., and Barbara Mae Smith, Stroudsburg; Richard Emile Snyder, Mount Pocono and Roslyn Gwen Schaffer, Stroudsburg RD3; Frederick V. Blakeslee of Blakeslee and Josephine Caroline Smith, of Pocono Pines.

Awarded Automobile

HENRYVILLE — Mr. and Mrs. Alvin Smith, of RD2 here, were awarded a car at the Mount Pocono Fire Co. carnival.

The Memorial to stand for years to come must be carved from time and faultless stone. We offer this to you.

Many Ideas Available At Local Store

GETTING TIRED with the way things look around your house? Are you at the point where you want to move for sake of more — or bigger — rooms? A family room? An up-to-date exterior? Is it more storage space you need? A prettier bathroom? A brighter kitchen?

Make A Check

Well take a better look at the old homestead, the Paint Service Center recommends. The local Sherwin-Williams dealer points out your old house may be just the home you're seeking. A few good remodeling or modernizing ideas, some bright, new colors and the old place will look like new again.

Include the folks at the Paint Service Center in your plans. They offer you a wealth of service and help in solving your color and decorating problems. One of their new Sherwin-Williams products is illustrated above. It's "Applikat," the process which allows you to paint designs on your walls.

Super-Kem-Tone

First a base coat of Super Kem-Tone is applied by roller in the color of your choice, and then the design you wish to create is rolled on the wall.

News of the World in Pictures

BUG-EYED OVER THIS VISITOR—Nine-year-old Stanley Smith seems more surprised at the aggressive toad perched on his nose than the toad does. Stan and his brothers had captured several hundred of the small-size toads near Liberal, Kan., when the nifty little fellow decided to perch on the bridge of Stan's nose. He was later caught by the boys.

A FISH FRYING—Man, but the heat's even getting the fishes down at San Antonio, Tex. To make matters that much worse, someone stuck a thermometer into the fish bowl.

CALIFORNIA BOUND—TV actress Joanne Linville is, of course, glad to be back in the United States again from her 6-week trip in Europe. We're glad she's back, too, after seeing this photo taken on board ship in New York.

LONG VOYAGE FROM HOME—Warren Cropp, 62, waves a greeting as he arrives in the Windy City after a 4,000-mile solo trip from his Palm Beach, Fla., home. He made the voyage in 16-foot cruiser. Traveling only by day, trip took about 5 weeks.

FETCHING—Beautiful Carlene Johnson, it's obvious to see, deserves her title, "Miss United States," doesn't she?

BROTHERLY AID—Dan Cooper puts a protective arm around his sister, Dorith, while he points out the New York skyline after their arrival from Israel. The children are en route to Toronto to join their parents in their new home.

BY, GEORGE!—Sixteen-year-old George Grant-Suttie of New Brunswick, Canada, can't be blamed for leaping over this fence in North Berwick, Scotland, when one realizes he became Sir George when a Scottish cousin died. A mansion, five farms and 2,000 acres go with title.

"They're at the post. Lightning broke away. They're ready now. And, there they go!"

HORSIN' AROUND

OUR penniless horse expert was returning from the local track the other day, when he stopped in to see photographer Terry Green's new home in North Olmsted, O. While moaning about his bad luck, he noticed some flowers in Terry's garden. Of course, he had to see a track story there too. He said he could just see (top left) the railbirds swerve their heads as those horses pounded by. Can't you just see that track tout giving that poor bettor the wrong dope (lower left)? And, of course, the last photo is an all too common one. Never learning, that first flower is heading for the five dollar, window while two bettors behind him talk over their selections for the race.

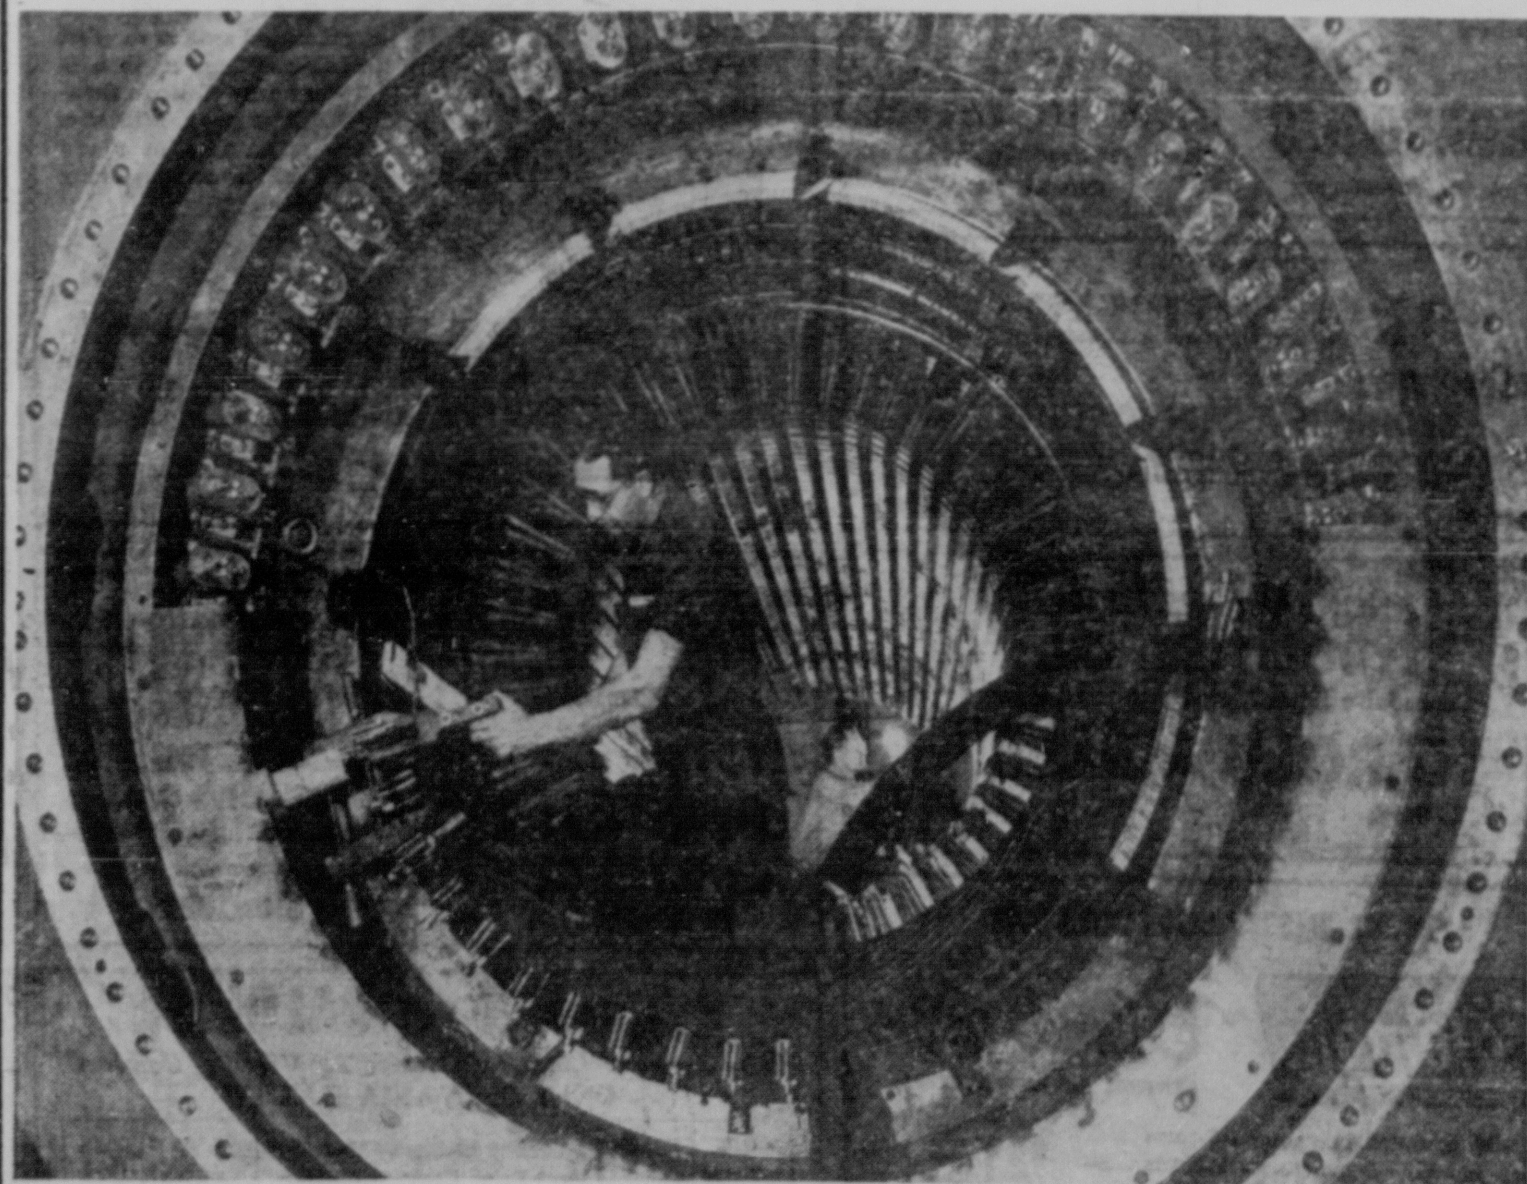

"Hey, Mac, I got a sure thing in the fifth. It can't miss!"

"He's putting a five spot on Slewfoot. Sound good to you?"

Mrs. Gerald P. Hinton (Lawrence Studio)

Miss Transue Is Bride Of G. P. Hinton

Miss Barbara J. Transue, daughter of Mr. and Mrs. Clarence R. Transue, 933 Queen St., Stroudsburg, was married on Sunday afternoon at 3 to Gerald P. Hinton, son of Mr. and Mrs. Harry Hinton, 107 Day Street, East Stroudsburg.

The pretty summer wedding was held at the Zion Evangelical and Reformed Church, Stroudsburg, with Rev. Frank H. Blatt officiating. Two large vases of white gladioli in the chancel were banded with palms. There were white flowers on the altar and the family pews were marked with sprays of white gladioli.

Before the ceremony, Mrs. Lucy Quig, organist, played "Because" "O Promise Me," "Ich Liebe Dich," "Intermezzo," "Oh Perfect Love," and "Jesus, Joy of Man's Daring," as well as the traditional wedding marches.

The bride, given in marriage by her father, wore a gown of rose point lace and tulle. The fitted bodice had scalloped neckline, embroidered with seed pearls and sequins, and long sleeves. The skirt was of nylon tulle and rose point lace in a waltz length. The fingertip veil fell from scalloped clusters of pearls, and she carried a bouquet of white roses, with a removable heart of white orchids.

Mrs. Richard Warren, of Glenmoore, was matron of honor. She wore a light blue gown and carried a bouquet of white roses, baby breath and an orchid center. William Laise of East Stroudsburg, was best man. Richard Warren of Glenmoore, and Robert Gearhart, Stroudsburg served as ushers.

The bride's mother wore a light blue lace dress with white accessories and a corsage of pink roses. The bridegroom's mother also wore a light blue lace dress with navy accessories and a corsage of pink roses.

Following the ceremony, a reception for about 50 guests was held in the Sunday school rooms. The bride's table was decorated with gladioli and a three-tier wedding cake.

For traveling the bride changed to a dress of light blue pure silk with white accessories and as a corsage the orchids from her bridal bouquet. After a honeymoon at Cape May and Wildwood, N. J., Mr. and Mrs. Hinton will be at home at their new address, 754 Bryant St., Stroudsburg.

The bride is a teacher in the Stroudsburg Junior High School. Mr. Hinton is advertising manager of Sears, Roebuck and Co., Stroudsburg.

Just Between Us

—By Bobby Westbrook

Antique dealers are sort of like horse traders, I suppose. Anyway they spent almost as much time yesterday watching what came out of their neighbors' barrels as they did unpacking their own.

Anyway, it looked like a good show and should attract a wide attendance. Fortunately it's quite cool in the Armory basement so the auxiliary members preparing meals for the cafeteria should be fairly comfortable.

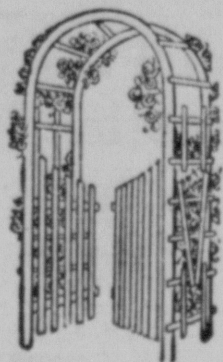

Comparatively speaking, that is. The kids swimming the hot hours away were probably most comfortable; certainly our house was much more comfortable than the office which seems to gather unto itself all the heat in Seventh Street, condense it, and make it last all through the long night.

But not so uncomfortable as the

steaming beds of sickness, the hot cribs where the prickly heat adds its misery to fussing babies. I feel sorry for people in casts and women who have to wear corsets and men who have to work with their coats on.

I'm glad I don't have to work in the stereotypical room or in a laundry or be a short order cook in an unshaded diner. I'm glad I don't have to take a long trip with small children.

Otherwise I'd be willing to change jobs, temporarily, with a lot of people. The ones who work in air-conditioned buildings. The man who sits in the boat at the 16th hole at Shawnee to fish golf balls out of the river. The attendant at the wading pool at the playground. Or the man who puts the ice cream in the freezer at the ice cream company.

Pearl Davis, James Knecht Are Married

Mount Pocono—Pearl Honey Davis, daughter of Mr. and Mrs. Robert Honey, of Saylorsburg, was married at 6:30 p.m. on Saturday, July 30, to James Henry Knecht, son of Mr. and Mrs. Arthur Knecht, of Long Pond.

Rev. Edgar C. Hersh performed the double ring ceremony at the Mount Pocono Methodist Church. The church was decorated with lily-of-the-valley, red roses, gladioli and sweet peas.

The bride wore a street-length dress of aqua with white accessories and a corsage of red roses.

Mrs. Alice Knecht, of Bear Creek, sister-in-law of the bridegroom, was matron of honor. She also wore an aqua street-length dress and white accessories. Her corsage was of pink roses. Alfred Knecht, of Bear Creek, was his brother's best man.

The bridegroom's mother wore navy blue with navy accessories and a corsage of red roses.

After the ceremony a reception was held at the home of the bridegroom's parents in Long Pond. The table was decorated with summer flowers and a tiered wedding cake as the centerpiece. Refreshments were served to 175 guests.

Mr. and Mrs. Knecht will make their home on Woodland Road, Mount Pocono.

Comes From Germany For Her Wedding

Bangor—Miss Katherine Emma Veith, daughter of Mr. and Mrs. Andreas Veith, of Mainz, Germany, was married on Saturday to Cpl. Kenneth Handlong, U. S. A., son of Mr. and Mrs. Joshua Handlong of Bangor, R. D. 3.

The ceremony was performed by the Rev. J. O. Roagle, D.D., pastor emeritus of Christ Evangelical Reformed Church, Stone Church, and was held at his home in Mount Bethel.

Alfred J. Handlong, brother of the bridegroom, and Miss Bernice J. Oliver attended the couple.

Cpl. and Mrs. Handlong will reside at Fort Sam Houston, Texas, where the bridegroom will be stationed for the next two years. The bride arrived in the United States from Germany last week. Cpl. Handlong recently completed a five-year tour of duty in Germany.

de Givenchy Loses Waist In New Style

Paris (U)—Hubert de Givenchy calls his new fashion collection "the shapes." "The shapeless" is more like it.

In Givenchy's new line, unveiled last week, the waistline is no more.

The designer makes dresses like sacks, even to a drawing room and then at the neck or the hem, or both.

The young Frenchman made his name with clothes that were charmingly youthful and pretty. Now he's gone all sophisticated and the result looks like a hilarious burlesque of Balenciaga.

The mannequins weren't the only ones in stitches as they paraded in Abe Lincoln stovepipe hats, coats and jackets apparently back to front, belts hanging under the backside, and hoops sailing rearward from the head.

Givenchy warned in advance he would show "some droll ideas," and that he "always had fun designing clothes."

Evidently, "The spirit of freedom," he explained, "is the mood of the collection, with flexible line that follows the body but never really touches it."

Too true. "The shape" is supposed to be an all-in-one girdle without stays over which the clothes are worn. But the models are so lost in them that it hardly seems to matter.

The designer's new concept of the belt "starts just below the shoulder and ends at the hip." He claims this gives short women greater height, but it's hard to see how.

One novel idea, repeated in several models, was a dress bussed loosely in four tiers.

Not all dresses were completely innocent of waistlines. There were some sinuous strapless sheaths with hobble skirts and peacock tail trains.

It was in the millinery department that the young designer really let himself go.

There were wasps nests of fur and satin stuck to the back of the head, powder puffs of swandown

Antiques On Display At Annual Show

Yesterday was moving day at the Armory on Washington Street, East Stroudsburg, as almost 40 antique dealers from five states started setting up their display for the 11th annual Pocono Antiques Show which opens today at 2 p.m.

Barrels of cut glass, old china, and fine silver were being unpacked, silver and pewter were being polished, ancient furniture dusted and lights—and electric fans—were being focused where they would do the most good.

The show will open its four-day stay at 2 o'clock and will remain open from 2 to 10:30 each day. Proceeds are used by the General Hospital Auxiliary, sponsors of the show, for the benefit of the hospital.

Groups of auxiliary members are preparing light lunches and other refreshments for sale in the basement each day of the show not only for the dealers but for the general public as well. Girl Scouts will have soft drinks and ice cream for sale at the entrance.

The 37 dealers with displays this year represent both exhibitors of many at the local show and some newcomers as well; there are four area dealers and dealers from four other states.

Local dealers represented include Boushelli's Curiosity Shop, Stroudsburg; Blar Heath, the Fitzgeralds, Snyderville; Frederick Ducklock and Brothers, Portland; and Aubrey Vail, Bird-in-Hand, East Stroudsburg RD3, and Veronica Muller, Newfoundland. They will feature lamps and brass, bric-a-brac, reproduction furniture, primitives and general antiques.

Jewelry will be featured by Vinn Purnie, Utica, N. Y., and Benjamin Ginsberg, and Weiss Antiques, Philadelphia. Hand-painted china, old glass and pressed glass will be exhibited by Dorothy K. Winemiller, Harrisburg; Carole Kaplan, Old Forge; Lily Ostroff, Philadelphia; Irvin Koch, West Reading; Lucille Manches, Auburn, N. Y.

Primitives will also have a large place in this year's show with many of the dealers from the Pennsylvania Dutch area including Warren and Mabel Will, of Penryn; Corra Lee Weller, Alburtis; Helen Jourdet, Bainbridge.

Other specialty dealers include Laura Reinhard, Washington, D. C., with early prints; Kathryn M. Heist, Manatoway, with buttons; Quaker House, Doylestown, with furniture.

General antiques in a wide variety will be shown by E. R. George Jr., White Haven; Gordon W. Chase, Muncy; Sherwood Shoppe, Richmond, Va.; The Red Door, Kingston; Jas. M. Webb, Plainfield, N. J.; Florence Krebs, Philadelphia; Sanford R. Smith, Montclair, N. J.; Kathleen Wurster, Williamsport; W. J. Lilley, New Albany; Contrasts, New York, N. Y.; Gladys Dell, Lansdale; Helen Wenber, Reading; Helen Coleman, Hawthorne, N.

Surprise Shower For Mrs. Price At Schwartz Home

A surprise baby shower was held for Mrs. Nettie Price by her

J. O'Hara Antiques, Weedsport, N. Y.; Best Antique Shop, Pittsburgh, and Natalie Minoff, Paterson, N. J.

Maybe you'll think it's the heat. Maybe you'll vow I have bats in my belfry. Argue it any way you like—the truth is I DID have elves in my kitchen, just this past Saturday night.

It all began when my daughter insisted on seeing the movie and, in order to please her and keep the evening an early one, I stacked my dishes in the sink. My kitchen wasn't very neat, I admit that . . . but then if I had been, I might never have known about the elves. Fortunately for me, I didn't lock the doors. After all there was a good lookout in Timmy, we thought—although he never arrived until the fairy story was just about ended.

Two hours later, Maura and I returned home to find an elated Timmy bursting with excitement. "Just wait until you go into the kitchen, Mother," he said. "Just wait." I couldn't, of course—so we went dashing out to find everything spic and span and shining.

"Did YOU do this?" I asked, knowing full well that he hadn't. "Read the note," he urged. "There's a note over the sink."

"Yes Virginia," it said, in a take-off of the famous letter about Santa Claus, "there are fairies." Then, as an afterthought, there was the added bit of philosophy: "Greater love hath no man than to wash his friend's broiler." (With that I agree . . . and how.) The note was signed "Queen Mab."

I mention it today because Queen Mab turned out to be "An An" my children's long-time pet name for Esther Ainspach. And Esther, as you know, is one of our most popular Wyckoff extras. I'm downright grateful to her, of course, for it just proves what I've always contended—that Wyckoff employees are among the very kindest, finest people to be found anywhere.

There was just one hitch to the story, so far as I can see. After teaching me to believe in "the little people," Queen Mab backtracked on Sunday. I washed my own dishes.

Pretty as a picture and good enough to eat—or at least, to eat from! That's the way I think of our big front window packed to overflowing with beautifully colored linens of all descriptions to make the modern home as exciting as a rainbow.

Wonder what our great-grandmothers would say if they could see this display? Their pillows were far different than the dacron filled, nylon covered pillows of today . . . heavier, less sanitary, certainly less attractive. Wonder how great-grandma would react to the flower-sprayed sheets? Wonder how she'd like the gay bedspreads replacing the white counterpane which she knew so well . . . and the light-hearted tablecloths in luscious colors rather than her formal white? I'm sure her eyes would open wide in amazement and appreciation. As a matter of fact, we've come such a long way I feel the word "white" should be disregarded. This isn't a "white sale" . . . we're selling kaleidoscopic color—a vastation of value . . . as well, as I said in the first paragraph, a "rainbow." And unless something happens pretty fast, this is probably the only rainbow we'll be seeing this summer . . . and THAT'S the truth!

Lower Pries Prevail For Blue Chips

NEW YORK, Aug. 1 (AP)—The recently strong blue chips suffered a sharp fall today in the stock market with losses of 1 to 4 points and more. Reynolds Metals was down 10 points at 217 and touched a low of 213.

Among wide losers were Bethlehem Steel off 4%, Sears Roebuck 2%, Douglas Aircraft 2%, Anaconda 1%, Allied Chemical 2%, Du Pont 3/4, Coca Cola 3/4, Union Pacific 2, Standard Oil (NJ) 2 1/2, and General Motors 1 1/2.

General Motors hit a high of 138 and closed at its low of 134 1/2. After the close, directors declared a dividend of \$1.50 as compared with \$1 paid in two previous quarters.

Break Expected

Because of the sustained advance, brokers have been watching closely for signs that a normal reaction was in the making. Today's dip, therefore, wasn't unexpected. Brokers pointed out that a reaction at this time could cut quite deeply and still be within normal limits.

The Associated Press average of 60 stocks was off \$1.90 at \$173.60. The fall was the heaviest since July 7 when the average was off \$2.50. The three components of the average were all lower—industrials \$3.30, rails \$1.60, and utilities 20 cents.

The list was a little broader than usual with 1,211 individual issues traded of which 226 advanced and 794 declined. There were 37 new highs and 17 new lows for the year registered.

The lack of urgency in the selling was shown by the fact that only 2,190,000 shares changed hands, considerably under the daily average of trading so far this year. Friday's total, when the market was slightly lower, was 2,070,000 shares.

The American Stock Exchange was irregularly lower. Volume came to 660,000 shares as compared with 670,000 shares Friday. The bond market was moderately lower. U. S. governments over the counter were lower.

11 Americans Held Until Such Time As Reds Could Use Them For Bargaining Purposes

By J. M. Roberts
Associated Press News Analyst

The Russians came to the recent Geneva conference with a concrete concession and the Chinese Reds have done the same thing.

The announcement of the release of 11 American flyers from Red imprisonment indicates that they have been held all along, as was suspected, until they could be used to bargain with.

It also means that the Chinese have joined negotiations with a definite purpose extending far beyond the matter of release of all of the 51 Americans who have been held.

No Broad Issues Yet

It does not mean that they are ready to seriously and sincerely negotiate the broad issues affecting relations with the United States, any more than Russian entry into the atom-for-peace pool meant they were ready for broad European issues at this time.

The pattern in the Far Eastern

negotiations, however, appears to be very similar, with the Reds aiming at future conferences and perhaps ready to freeze the ball of international byplay as has been done in Europe.

It seems likely now that the other 40 Americans will be permitted to come home in return for an agreement to negotiate political issues.

Issue Closely Tied

Chief of these from the Western standpoint is Formosa, flanked by Red violations of the Indochina and Korean truces. These issues are almost as closely tied together as were European collective security and German reunification at the Big Four meeting, since any arrangement regarding Formosa would depend upon re-establishment of goodwill in the cases of the other truces.

From the Red standpoint, Formosa, trade and United Nations membership are the big issues. One Red demand cannot be met. That is for acquisition of Formosa.

On the other issues there is room for negotiation, with the United States offering concessions in return for guarantees of a nonwar policy in Peiping.

Can't Bargain Formosa

There are numerous reasons why the United States cannot offer Formosa in return for peace. Two of them are paramount. One is that the United States, allied with the Chinese Nationalists, cannot ethically bargain their downfall.

For the other, you only have to remember what happened in the Philippines on the day of Pearl Harbor.

Japanese bombers and fighters came out of Formosa and left Clark Field a shambles. Formosa was more important to the Japanese than it would be now that planes could easily fly from the Chinese mainland. But planes and boats headed for Manila today would have to pass, not spring from, Formosa.

Firemen Stop Grass Fire Here

THE STROUDSBURG fire department was called to Oak St. area at 2:55 p.m. Saturday to extinguish a grass fire in a vacant lot.

Fire Chief Millard A. Marsh said the fire was spreading rapidly when the firemen arrived.

Booster streams from two booster trucks and P-can extinguishers were utilized to put an end to the trouble. No homes were endangered, Chief Marsh said.

Church To Hold Picnic At Camp

DELAWARE WATER GAP — The Presbyterian Church of here will hold a family picnic at Camp Brainerd, Snyder'sville, tonight.

Families are asked to bring their own dishes and drinks. The supper will be from 7 to 7:30. In the event of rain, there will be no picnic, but the women will meet at Mrs. George Hauer's at 8 p.m.

Mississippi Votes Today For Governor

By Sam Johnson

JACKSON, Miss., Aug. 1 (U.P.)—Mississippi votes tomorrow for a new governor.

It will be the first governor's election since the U. S. Supreme Court ruled public school segregation of Negroes unconstitutional. And, although segregation is not a direct campaign issue, in the background the controversy of race looks to have a big role in the voting.

All five candidates have promised to keep segregation.

White citizens councils, organized in the heat of racial differences, plus a new and restrictive constitutional amendment appear certain to cut already thin Negro voting to the minimum of years back.

The citizens councils, organized to keep segregation in all walks of life, have centered their campaign against Negro voting.

In addition, the new constitutional amendment requires written examination for all persons seeking to register.

Failure to pay poll taxes for two consecutive years also cut into the number of Negro voters and eliminated some white voters.

Candidates in tomorrow's first Democratic primary are: former Gov. Fielding Wright, a founder of the 1948 States Rights movement; Ross Barnett, an attorney making his second bid; Atty. Gen. J. P. Coleman; Paul Johnson, son of a former governor and now making his third campaign; and Mrs. Mary Cain, peppery newspaperwoman.

All agree a run-off primary Aug. 23 will be necessary between the top two vote-getters. Democratic nomination means election in Democratic Mississippi.

The polls open at 7 a.m. and close at 6 p.m.

Big Arms Cache Found In Italy

FORLI, Italy, Aug. 1 (U.P.)—Police investigating a mysterious explosion on a peaceful-looking farm found a huge arms cache.

In the farmhouse and out-buildings, they discovered:

Eight machine guns, 112 hand grenades, 65 rifles, two mortars, 25,000 bullets, and 100 pounds of dynamite.

The weapons apparently were from a wartime partisan arsenal.

Dr. Harold S. Pond will be out of town July 30 through Aug. 7, inclusive—Adv.

Negro Teachers In Georgia Told To Resign From NAACP

WAYNESBORO, Ga., Aug. 1 (U.P.)—The Georgia Board of Education today offered the state's Negro school teachers a choice of resigning from the National Assn. for the Advancement of Colored People by Sept. 15 or losing their licenses to teach.

As part of its program to maintain racial segregation in Georgia schools, the board in July moved to revoke the license "for life" of any teacher belonging to the NAACP or any teacher who "supports, encourages, condones or agrees to teach a mixed class."

In a meeting today the board amended this to say that any teacher holding membership in the NAACP "or any allied organization, or any subversive organization" can escape the license forfeiture if he will separate himself completely from such groups and take an oath to that effect not later than Sept. 15.

However, the board action will not become official until it is affirmed at a meeting in Atlanta under a state law prohibiting official board meetings outside the capital city.

The ban 4th grad NAACP leaders have promised that if any teacher is hurt by state action, "We will take the case." Austin T. Walden, NAACP attorney estimated today that a "high percentage" of Georgia's Negro teachers are active in NAACP.

The board's action, sponsored by the state Atty. Gen. Eugene Cook, has stirred widespread criticism in the state on the ground it is a denial of the freedom of speech and constitutes "thought control."

Predicts GOP Win

WASHINGTON, Aug. 1 (U.P.)—GOP National Chairman Leonard W. Hall predicted today the Republicans will win back control of Congress next year with more House seat victories in the South than they had in 1952.

The area of the Sahara Desert of North Africa is estimated at 3 1/2 million square miles—or about the area of Europe minus Scandinavia.
